

# FAMILY MEDICINE RESIDENCY

Our mission is to train Family Medicine physicians with the skills needed to care for rural and urban under-resourced communities.

## GENERAL INFORMATION

- Est. 1972, 14 residents/year
- University based program
- Focus on underserved and under-resourced communities
- Academic/Safety net hospital, only level 1 trauma in the state
- Diverse patient population
- Family Medicine-run Inpatient and Maternal Child Health services
- Nationally recognized Family Medicine Department

## NEW MEXICO AND ALBUQUERQUE

- Minority-Majority State
- Underserved urban and rural need
- Albuquerque: founded in 1706
- Low cost of living
- 320+ days of sunshine a year!
- Excellent outdoor activities access (hiking, rock climbing, camping, etc.)

## CONTINUITY CLINICS

- **UNM Southeast Heights:** Community clinic with multicultural patient population, with immigrant and refugee care
- **UNM North Valley:** A busy classic neighborhood clinic that serves the population in Albuquerque's North Valley
- **Indian Health Service:** The only federal IHS clinic residency continuity site in the country
- **First Choice South Valley:** A Federally Qualified Health Center (FQHC), with a large Spanish-speaking population
